THE WHITE ROCK FUND was a wonderful encouraging time. If you couldn't go, check out the White Rock Fund website. You'll be so inspired — <https://whiterockfund.org/>. If you'd like to contribute you could scan this QR code... The White Rock Fund supports over 40 missionaries around the world..

WE HAVE NEW recreational balls outside. Have fun kids (of all ages). Just be sure to put them back up, when you're done.

LADIES CLASS meets on Tuesdays in the fellowship hall at 10AM. If you haven't attended before, come and enjoy a time of sharing, study, prayer, and great Christian fellowship. Rumor has it that they plan on going out for lunch afterward.

A word of Encouragement

"For this reason we must pay much closer attention to what we have heard, so that we do not drift away from it." Hebrews 2:1, NAS95.

WHAT YOU REALLY NEED TO KNOW IS IN THIS BOOK

I don't know if you've ever been in this situation, but I was. I crammed for a test, but didn't have enough time to study all of the material, so I ignored some parts of my study that I thought were **non**-essential. And then when I took the test, I found out that the majority of the test was on the stuff I had not studied. Needless to say, I flunked that test.

There are a lot of areas of study in this world: art, math, science, history, technology, and much more. And in all these areas of study are a number of degrees you can earn — from a high school diploma to a doctoral degree. Education is great and you may call me a geek, but I actually like school. But wouldn't it be a shame to be "degree-ed" in all kinds of knowledge only to find out in the end that you'd left off studying the most important things to know — about God, eternity, and your soul?

Bottom line, what you really need to know is in this book. And we ignore it, put it off, and find reasons to not read it to our eternal peril.

Many might be put off by the size of it, but like anything else, it is read cover to cover a

little at a time. A saying I heard says it succinctly, "By the yard, it's too hard; by the inch, it's a cinch". The fact that it does take a little while to read through the whole thing is to our advantage, because we get the opportunity to understand what God wants by commands, examples, and repetition. The journey of a thousand miles starts with one step.

Some are put off by the "thees" and "thous" they've heard people quote it with. But modern translations provide the Bible in modern words and vocabulary and are much easier to understand. There's nothing wrong with the older versions, but modern versions like the NASB or the NIV are easier to read and

understand.

And truth be known, the Bible is not hard to understand. All most people need is a little help with learning the ropes, as they say, to find out **how** to study the Bible.

The Rock Hill church of Christ in Frisco, on PGA Parkway, invites you to a free seminar on "How to Study the Bible". We're even giving away free Bibles. We want everyone to know what this "book of books" is all about.
